

EDWARD S. ALLEN

AG ENGINEERING STUDENT OF 1941 ENDOWMENT FUND

Edward S. Allen was born on December 20, 1919, on a farm near Hood River, Oregon. He attended Oregon State University from 1938 to 1941 and majored in Agricultural Engineering. He greatly appreciated the concern that Professor Gilmore had for the Agricultural Engineering Students, and for Professor Gilmore's offer to financially assist Mr. Allen if he had financial problems.

In March of 1941 Mr. Allen accepted a position with John Deere Plow Company in Portland, OR because it was financially necessary. Mr. Allen worked for John Deere until September of 1942 and then joined the John Deere Battalion as a 2nd Lieutenant in the Army and participated in World War II. Mr. Allen returned to civilian life in June of 1946 as a Captain and went to work for CM & WO Sheppard Farm Supply. From June 1946 through December of 1948, he sold sprinkler irrigation supplies for R. M. Wade Manufacturing to Hood River farmers. On January 1, 1949, he joined Scott Aitken Orchards as Manager and worked there until the end of December, 1950. Mr. Allen joined Coulten Motor Company, the Ford-Mercury dealer in Hood River, OR, on January 1, 1951 and in January of 1955, he and Mr. Leonard Hay purchased the dealership from Mr. Coulten and renamed it the Allen Hay Motor Company. Mr. Allen bought out Mr. Hay in October, 1969, and operated the business until January 1, 1984, when he sold the business and retired.

PURPOSE

For scholarships, fellowships, equipment, and other program support at the discretion of the head.

NATURE OF AWARD

The award shall consist of a cash award. The amount of the award will depend on the annual income from the Ag Engineering Student of 1941 Endowment Fund which resides with the OSU Foundation. The name of the recipient and the year of the award will be inscribed on a plaque displayed in the Department of Biological & Ecological Engineering.

DONOR

Ag Engineering Student of 1941 Endowment Fund

ELIGIBILITY REQUIREMENTS

The recipient must be enrolled in the Department of Biological & Ecological Engineering as their academic major or be advised in BEE. The recipient must be enrolled as a full time student the term in which the award presentation is made.

SELECTION

The Department of Biological & Ecological Engineering Scholarship Committee will make the selection of the recipient.

PROCEDURES

The first award was presented in 2003. The award will be presented at the annual BEE Spring Awards Banquet.

A student may apply for this award or be nominated by a fellow student or faculty member of the Department of Biological & Ecological Engineering.

ANNOUNCEMENT AND PUBLICITY

Announcement of the award and the name of annual recipient shall be facilitated through the Department of Biological & Ecological Engineering.
